

DATA SET DESCRIPTION

Recent dataset: Number of days in a monthly with precipitation equal to or greater than 1 millimetre for stations worldwide

Version recent

Cite data set as: DWD Climate Data Center: Recent dataset: Number of days in a monthly with precipitation equal to or greater than 1 millimetre for stations worldwide, version recent, last accessed: <date>.

INTENT OF THE DATASET

Observations had been collected from worldwide CLIMAT stations, and had originally been provided by the respective National Weather Services. Only the most recent years are provided here. Note that data have not yet passed the full DWD quality control.

POINT OF CONTACT

Deutscher Wetterdienst
CDC - Vertrieb Klima und Umwelt
Frankfurter Straße 135
63067 Offenbach
Tel.: + 49 (0) 69 8062-4400
Fax.: + 49 (0) 69 8062-4499
Mail: klima.vertrieb@dwd.de

DATA DESCRIPTION

Spatial coverage global

Temporal coverage 01.01.2015 - previous month

Temporal resolution monthly

Format(s) The names of the data sets start with the station number, followed by the start (year, month) and the end of the data set (e.g. 01001_201501_201706 means station 01001 = Jan Mayen from January 2015 to June 2017). In the data set the year is followed by the 12 monthly means. For information about station numbers, stations and their location use the station list: https://opendata.dwd.de/climate_environment/CDC/help/stations_list_CLIMAT_data.txt

Parameters The number of days with precipitation equal to or greater than 1 mm is given for each month of the year, each row covers a year.

Jahr	year
Jan	number of days in January
Feb	number of days in February
Mrz	number of days in March
Apr	number of days in April
Mai	number of days in May
Jun	number of days in June
Jul	number of days in July
Aug	number of days in August
Sep	number of days in September
Okt	number of days in October
Nov	number of days in November
Dez	number of days in December

Quality information not available

DATA ORIGIN

National Meteorological Services

VALIDATION AND UNCERTAINTY ESTIMATE

The quality control includes: Check of internal consistency of the data in a report and check against climatological thresholds.

CONSIDERATIONS FOR APPLICATIONS

For historical data which completed the quality control , see directories ../historical/.
